

UNDERGRADUATE FELLOWSHIP IN BOTANY

The **Betty and Richard Speairs, Jr. Fellowship in Botany** is given through the Department of Plant Biology, Ecology, and Evolution at Oklahoma State University. The fellowship offers undergraduate students training in field botany and herbarium curation, and the opportunity to conduct research in plant taxonomy. The recipient must be a full-time student who exhibits significant enthusiasm for his or her major and an interest in field botany. He or she must have the potential and interest to pursue graduate studies and the desire to pursue a teaching career in secondary schools or higher education. Juniors and seniors who have taken field botany and/or plant taxonomy will be given first consideration. The fellowship provides a stipend of \$1,000 per year (or \$500 per semester). The recipient will work approximately 10 hours per week in the OSU Herbarium and learn skills in the collection, preparation, and curation of plant specimens. Applicants should contact:

**Dr. Mark Fishbein, Director OSU Herbarium
